

# The Mental Health Peer Supervision Group

---

Date: Wednesday, September 24, 2008      Time: 4–6p

*Do you ever find mental health interpreting challenging?  
Wonder if you made the right choices?  
Think about the clients after the job is over?*

Then the **Mental Health Peer Supervision Group** may be for you! Following the model of Dean and Pollard's Demand-Control Schema, seasoned and new interpreters gather with mental health professionals to discuss interpreting in a safe and confidential setting. Participants have the opportunity to discuss recent situations, ask questions, and learn from one another. This is an informal atmosphere and the structure is determined by the group. These meetings are held monthly and all are welcome! Monthly attendance is not required in order to benefit or participate from these sessions.

If you have questions about the Peer Supervision Group, contact Michelle Niehaus at [Michelle.Niehaus@ky.gov](mailto:Michelle.Niehaus@ky.gov) or Teresa Moon Flaherty at [moonflaherty@nkysd.com](mailto:moonflaherty@nkysd.com)
